

## Unit 9 Listening 2

### While Listening:

Listen and write the name of the invention (1-4) and the inventor under the correct photograph

A	B	C	D

1. Hand-dryer	a. James Dyson
2. Egg Chair	b. Roman Mistiuk
3. wheelbarrow	c. Arne Jacobsen
4. Climbing Car	

Listen again and write a word in each gap to complete the student's notes:

invention	what it looks like	advantages / disadvantages
chair	It's <sup>(4)</sup> <input type="text"/> and comes in lots of different <sup>(2)</sup> <input type="text"/>	Advantage: beautiful design Disadvantage: Probably not very <sup>(3)</sup> <input type="text"/>
wheelbarrow	Has <sup>(1)</sup> <input type="text"/> parts: a <sup>(5)</sup> <input type="text"/> frame and a round wheel	Advantage: Wheel shape allows it to move <sup>(6)</sup> <input type="text"/> . Disadvantage: Probably more <sup>(7)</sup> <input type="text"/> than other wheelbarrows.
hand-dryer	Has one big single part-it is long and <sup>(8)</sup> <input type="text"/> from the front.	Advantage: dries hands <sup>(9)</sup> <input type="text"/> : no need to use towels or to touch buttons Disadvantage: relies on electricity
climbing car	It's <sup>(10)</sup> <input type="text"/> -shaped with plastic or glass sides and roof.	Advantage: saves <sup>(11)</sup> <input type="text"/> Disadvantage: not able to climb all types of <sup>(12)</sup> <input type="text"/>
